

Pouch dispenser

Posted by: Healthcare Packaging on September 19, 2012

AZCO Corp.'s RotoCut knife cartridge, a rotary shear assembly, allows for a 2-min blade change without tools. The low-maintenance, rotary-style blade provides quick, clean cuts on pouch web materials and eliminates the need for compressed air.

This heavy-duty, low-maintenance pouch dispenser operates at up to 200 pouches/min for sizes up to 100 mm/4-in. wide and 10 mm/0.4-in. thick. For slippery film webs and cut-off registration verification, for food products and overwrapped medical and household components. Designed to be reliable for three-shift/day operations, even in dusty and moist environments.
