Tubing Cutter

Available from: [AZCO Corp.](#)

This bench top unit is ideal for your tube processing. The tubing is indexed by a dual driver tractor belt system for high accuracy.

For easy operator use, the stepper drive is controlled by the color touch screen. Simply enter the length and number of pieces.

Ideal for all flexible materials including medical tubing, nylon tubing, latex, hosing, silicon, and polyethylene.

SPECIFICATIONS

Minimum cut length 0.25mm/0.01"
Maximum cut length 25m/899"
110 v ac or 230 v ac
40 psi (3 bar) compressed air
50-60 Hz
Accuracy is +/-0.5mm/0.02"
CE Rated

BENEFITS TO YOU

- ~ Bench top, compact unit with all permanently sealed and lubricated bearings.
- ~ Easy operator interface using a touch screen - enter the length and number of parts.
- ~ Reduce inventory by making on-demand.
- ~ Inexpensive disposable blades.
